Am Am/G D/F# F C/E Dm
we are the hands the hands of history

Dm Dm/C G/H E7 Am
just like a never ending symphony

Am Am/G D/F# F E7 Am
these are the hands the hands of you and me

hands build bridges
hands build walls
hands sign contracts
hands tear down walls
hands grow old
hands grow cold
hands kill for silver
hands kill for gold

these are the hands
the hands of history
we are the hands
the hands of history
just like a never ending symphony
these are the hands
the hands of you and me

hands play drums
hands shoot guns
hands show the way
hands fold to pray
hands can do
almost everything
hands wash away
wash away the sin

these are the hands
the hands of history
we are the hands
the hands of history
just like a never ending symphony
these are the hands
the hands of you and me
